*For questions: email Danielle Mercer  
[Danielle.mercer@freese.com](mailto:Danielle.mercer@freese.com)*

**Date:** Thursday, August 21, 2025  
**Registration:** 11:30 am to 12:00 pm  
**Discussion:** 12:00 pm to 1:00 pm  
**Location:** The Columbia Restaurant  
2117 E 7th Ave,  
Tampa, FL 33605

The Florida Department of Environmental Protection Southwest District Office will be performing a hands-on demonstration on how to utilize Map Direct; a free GIS tool commonly used across the State.

This will be followed by an overview of an updated rule requirement in the Domestic Wastewater Rule 62-600 Florida Administrative Code that includes both the Power Outage Contingency Plan and the Collection System Action Plan for wastewater treatment facilities.

**FWEA Members: \$30**  
**Utility & Students: \$15**  
**Non-Members: \$35**  
**FWEA WCC Annual Sponsors:**  
**Two (2) complimentary tickets**

**Hannah Teagues:** Hannah Teague graduated from the University of Iowa with a bachelor's in environmental policy and planning and a minor in public policy. She was the Sustainability Intern for the City of Cape Canaveral, an experience that resulted in the city becoming Silver LEED Certified. Hannah is currently an Environmental Specialist III for the Department of Environmental Protection Southwest District Office within the biosolids, underground injection control, domestic wastewater and industrial wastewater programs.

**Anthony DiSipio:** Anthony DiSipio went to Moravian University and majored in environmental science with a minor in biology. He has been with the Florida Department of Environmental Protection Southwest District for 2 years and works within the biosolids, underground injection control, domestic wastewater and potable water programs at the Department.

**Erica Peck:** Erica Peck is a Tampa native that enjoys being a part of protecting Florida's waterways & natural resources. Erica earned a bachelor's degree in environmental science and policy from the University of South Florida (Go Bulls!) and has worked at the Southwest District FDEP for 10 years with experience in compliance and permitting over the potable water, domestic wastewater, biosolids and underground injection control programs.

**Emily Larson:** Emily Larson graduated from the University of South Florida (Go Bulls!) with a bachelor of science in Environmental Science and Policy. Emily is a Florida native with a passion for sustainability. Emily has worked at the Southwest District for over 6 years with experience in industrial and domestic wastewater as well as underground injection control compliance. Emily currently manages the wastewater compliance and enforcement programs.
